Dear Einar and Else Karine, how are you!

hope you and your family are doing good.  
Purpose of this letter is to send january  
report and greet you. We are all very fine and  
everythings going fine here.

Thank you for the money we got it, and  
this month its alot to pay in school as normal.  
I pay for Specials classes but not yet for 12 children  
in primary school which I will pay for them soon.  
It will be Tsh. 31000 per each child, times 12 children  
will be Tsh. 372000/=

because we pay for pollage is Tsh. 2000 per month per @  
and 7000 Tsh is for MMEM, so Tsh. 2000 x 12 month  
is Tsh. 24000 per 1 child + MMEM 7000 Tsh = Tsh. 31000/  
that per year. but also it will be another payment  
later for exams.

Zamda and Mitnes are doing fine, they already  
start school and they happy for that, Zamda  
she is very clever, no shie, but Mitnes very  
shie but they all doing fine. and hope  
Mitnes she will be usily with us slowly.

Thanks for today,

Say hello to your family,  
I wish you all the best in  
your life.

It's me Emma.
