Purpose of this letter, just to say hallow  
and to send this site expenses, the children  
ground is finish, and we are already start to play  
on it, its looks very nice, thank you very much,  
now we plan to put green glass on, because the  
rain is starting, and the polls was not -  
enough. So I was adding more, also the childre  
n who finish standard seven, now are in pre -  
form one course, so I will pay next month, @ child  
for @ month = Ish. 20000, so for 3 month oct, nov, Dec  
will coast 60000 per @, x 3 children will be <sup>175k</sup> 180000  
not for Simba, only for Ramadhani, Emmanuel -  
and Adolphina, Simba he is steel nothing to do  
and his leg continue look very bad, I think -  
we should bring him at big hospital, because  
he says, it is very painfull for him. also  
I change the oil body for the children, now they  
are using body lotion, because it was almost -  
all the children got skin infection, Alvilde was  
surgest to change that oil and using lotion -  
its true, now not very much skin fungus for them.

also she told me to buy fruits for children  
3 days per week, monday 2500 tsh, ~~wednesday~~<sup>thursday</sup>  
and friday, so total is 7500 per week. also she  
told me to add more chicken and pork meat, two  
sunday they eat chicken and two sunday they  
eat pork meat. Also I send this story of Mwanadi  
a Juma, and John Christian, they are very happy  
to be at Ecco, but they dont have clothes, Alvilde  
give Mwanadi Mwanadi. Some brouse, I think to  
buy more clothes (not home clothes) for them.
