Hello Einar and Else Karine, for power of God, I hope you are all fine, and you celebrate good on Christmas day also have big hope to be in 2010. We wish you all, all the best, 2010 have to be a wonderful year with alot of Joy and peaceful, ~~also~~ Purpose of this letter is to say hello also to send expenses of December, every things was nice, we was happy in christmas day too, but was bad because of Stanley, has I told you, there relatives want Stanley to be with grandma. otherwise they - will not take any care of her. it was very difficult - for Stanley to live his grandma alone or to go and be there with her, he is very small boy 11 yrs old, but he - is very good boy, he said, no possible to live my grandma like this, then he ~~had~~ make decision he have to take care of his grandma.

The problem was food, soap, coal and important needs for them, it was looking very difficult, I was - try to help Stanley some times, but I cant help ~~any~~ ~~thing~~ everythings, and every day, then I was making plan to tell Stanley to go to police station, he was going there and he was asking me to be there too, What I got from Stanley relatives, "they dont want Stanley to have good life," they found that if he will stay with us at Ecc he will have good life - later, but police told them, they have to provide anything Stanley need without missing any day, and Stanley - can take care of his grandma, and they tell Stanley that, If any day they didn't bring food or if you ask them for soap etc. If they will answer you - bad way, you have to come here at Police station faster, two days ago a meet Stanley he says, they steel give him all he needs.

Thanks for today. Says, Emma.
