Hello Einar and Else Karine, how are you? I hope you and all family are fine, we are fine too.

Purpose of this letter is to say hello also to send these site expenses of monthly report and building and repair at the ECC. In there is the negative of some pictures of office, guest toilet and Dining room repair, but my camera is not good so I don't think that you will have good pictures, but I hope when the girls come visit us they will bring to you exactly pictures. Also there is some risks, normal we are not getting the visit for everthings so what I get it in here.

We are continue good with everthings, school and general at home, but Scolastica grandma was very sick, so there relatives from Sumbawanga the town ^{where} she born, came to take her there, its problem because she don't have any help and her house was broken so was very bad for her, so they sell the plot where was her house and got enough money for transport and to build the small local house at Sumbawanga ~~at~~ so she want to go with her granddaughter Scola, but she told me ~~that~~ their safari can be 4th of Sept, so scolastica will not be here any more, cause its true Sumbawanga is very far away, so its difficult to see each other easy, also she thank very much for helping her, and she says she still want scala to be at ECC, but she ask me if possible to transport scala 2 times per year to Sumbawanga, mean when she is close school on june and december, I tell her it will be difficult for all relatives to say that, if you have money for transport maybe but she says she is going in bush, she don't think if she will get even 1000 per month for her age, so she cant, then I tell her I think we can't too, so on that date 4th Sept she will be away or not, its depends what grandma think about also I was borrow TSh. 50000/= from my neighbour when

There is some pictures of Gloria and Christine and John graduation, but in Gloria part was change in home clothes, so - she had picture with her clothes which we bought, but in Christine and John graduation they were not change, they was in uniform because was not time for change, because they were out of time table, and they want the children to go early home, but also Christine and John have a clothes we bought for graduation, so as normal in Christmas time John, Christine, and Gloria are not get clothes - and shoes,

But the children have to study pre-form one, but that pre-form one will be only for John and Christine, not Gloria, I think she can't manage to go form one (secondary school) she is not good in - school, so I have ~~diff~~ decision, I can see its better for Gloria to go in ~~tail~~ tailoring corse, not in secondary.

The girls told me that they have computer for me but ~~now~~ you use it until they finish to be here then they will give me thank very much. I feel very good to have it. Thank you.

Also in ~~16 or 17~~ 16 or 17 october, they will come another visitors the girls says, their teacher will come on that date, they will be 3 (three).

Thank you very much.
