Hi Einar and Else Karine, how are you?

We are all very fine, hope you all are fine too.

Purpose of this letter is sending monthly report (February).  
We were together with Karoline and her mother with Marie,  
it was very nice time, I hope they enjoyed their self, and  
they brought clothes for children, all children got enough  
clothes, we thanks them very much.

also I wasn't take picture with the camera they  
send to us, so with Karoline we give the children the  
clothes and she took pictures, hope is fine.

But also because of school pays, our money will last -  
this march or midday of April, also when you send to us  
again, on end of may we have to buy bags of rice and  
maize too.

Other things down here is fine and all the children  
are doing fine too.

Thanks for day.

Say hello to your family,  
It's me.

Emma.
